

THE ZENITH NDC SCIENTIFIC CLUB.

(2023-2024)

THE ZENITH CLUB MOTIVE :

- 1. Our motive is to guide students in presentation skills ;**
- 2. Help them improve their speaking and communication skills through different group discussions and team work sessions .**
- 3. Up skill themselves in writing research paper works , journals and publishing their original works in various publications available.**
- 4. Gain knowledge about recent advances in science by renowned guest speakers and experts in the particular subject.**
- 5. We aspire to conduct as many as scientific events like paper presentations, quiz and poster making competitions possible in the favor of the students .**
- 6. Let's join hands together for these various upcoming fun learning sessions where each one of us can gain knowledge through various events.**

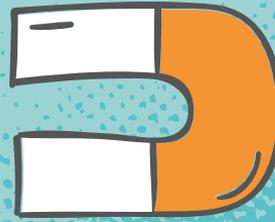

CHAIRPERSON, ZENITH CLUB:

The Zenith NDC Scientific club is an platform for students and enthusiasts to explore and engage with the world of dental science. The club provide an opportunity for individuals to learn about different scientific disciplines, conduct experiments, and participate in various scientific activities at college, state and national levels. By joining the club, students can enhance their scientific knowledge, develop critical thinking skills, and cultivate a passion for research in the field of medical and dental sciences .
